each subscriber, must accompany the name sent. Write all addresses very plainly, giving full name, Postoffice, County and State. Much trouble is saved by never omitting the County, because there are so many postoffices of the same name. If the County is omitted, it is sometimes difficult to tell whether Nevada or Nebraska, Mississippi or Minnesota is meant, for example.

In ordering, be particular to give the number of the article as well as the name. The best way to send money is by Postoffice Money Order, in which case it may be sent at our risk.

If your local Postoffice is not a money-order office, the best way is to register your letter. Money may also be safely sent by Express Money Order or Bank Drafts, Do not send local bank checks. Remember also that postal notes are no safer than money or stamps inclosed in an envelope, being cashed by anyone into whose hands they may fall. Postage stumps are a drug, and, while taken, are very inconvenient, because we have more now than we can use, and the Government does not redeem them.

The articles mentioned on this page are only a portion of our premiums. If you desire a complete list-and it will be to your advantage to have it send us a postal card asking for it, and it will be sent you free of charge. In all cases, address

You have never seen a Watch like this, and your jeweler has not either, although the works are familiar to any jeweler, so that in case of accident there would be no trouble in getting it repaired. You must therefore fened with the fine-t filling metal yet dis-covered. In this way a case is obtained The case is the thinnest filled watch-case ever made. Remember, we mean that the Watch when closed in the pocket is thin. The lids of the case are the usual thickness, and form a perfect protection for the movement. It will not take up much room in the pocket. This case is made of a plate of fine composition metal over which two heavy sheets of 14k, gold are drawn, making a case that is for all purposes as good as solid gold, and warranted for 20 years. A written guarantee accompanies each Watch. Every part which is subjected to constant wear, such as the ring, thumb-piece, joint plugs, hinges, etc., is of solid gold. The works are especially recommended where the most accurate time is required. This is just the watch for doctors, lawyers, clergymen, Post Commanders, and all others who wish a really first-class article. As a present to the Commander of your Post, it cannot be excelled. It is so thin and convenient in form that it will even make a good and satisfactory ladies' watch, and it is especially recommended for school-teachers and other prefessional women on account of its accuracy, which is equaled by no watch made especially for ladies.
